SUBJECT INDEX, VOLUME 15

A

PAGE

Absorption of atrazine, in oats ... 175
Absorption of dalapon, effects of relative humidity on ... 149
Absorption of picloram and 2,4,5-T, in beans ... 10
Adsorption of herbicides in soils, determination of ... 115
Alfalfa pasture, effect of Canada thistle on ... 138
Alfalfa, protection from atrazine with activated charcoal ... 304
Amitrole-5-C^{14} accumulation in *Salmonella typhimurium* by purines, inhibition of ... 255
Amitrole, labeled, in plants, metabolism of ... 343
Annual bluegrass control ... 98
Arsenic residue, on Coastal Bermudagrass ... 77
Arsenic, toxic levels of, in silt loam soil ... 121
Arsenic translocation, in nutsedge ... 13
Atrazine, activated charcoal for protection of alfalfa from ... 304
Atrazine, effect on nitrogen metabolism ... 157
Atrazine, effects on forage yield and nitrogen components of corn 272
Atrazine, effects on nitrogen metabolism ... 306
Atrazine in oats, absorption and translocation of ... 175
Atrazine in soil, extraction and determination from ... 35
Atrazine resistance in flax, search for ... 85
Astragalus miser Dougl., var *oblongifolius* (Rydb.) Cronq., toxicity of 359
Autoradiographic technique ... 377
Auxin effect, on black locust ... 323

B

Barban on wild oats and spring wheat, efficiency of ... 160
Beans, movement and absorption of picloram and 2,4,5-T in ... 10
Bentgrass, response to siduron ... 82
Bermudagrass, Coastal, arsenic residue on ... 77
Bermudagrass, influence of herbicides on ... 363
Bindweed, response to 2,4-D ... 275
Biosynthesis of N-(3-carboxy-2,4-dichlorophenyl)-glucosylamine 101
Birdsfoot trefoil—EPTC, incorporation, and weed control during establishment of ... 264
Black locust, auxin effect on ... 323
Bluegrass, annual, control of ... 98
Brush control, in sphagnum moss bogs ... 380
Brush, truck sprayer for applying chemicals to ... 286

C

Calcium cyanamid, herbicidal interaction with potassium azide 163
Canada thistle, effect on alfalfa pasture ... 138
Canada thistle roots, histological abnormalities induced by picloram on ... 56
Chambers, controlled environment ... 312
Chemical control of Chihuahuan desert shrubs ... 62
Chihuahuan desert shrubs, chemical control of ... 62
1-(3-Chloro-4-methylphenyl)-3-methyl-2-pyrrolidinone, mode of action of ... 147
Chloroplast ribonucleic acid, influence of simazine on ... 31
Chromatographic determination, gas, methylation of herbicides for 168
Chromatograms, thin-layer, detection of N-containing herbicides on ... 182
CIPC, postemergence action of ... 237
Cloth, herbicide-impregnated ... 60
Corn and giant foxtail, height differential in relation to post-emergence weed control ... 24
Corn, competitive effects of quackgrass upon ... 220
Corn, influence of atrazine or simazine on forage yield and nitrogen components of ... 272
Corn, Johnsongrass control in ... 16
Cotton and rotational crops, toxicity of DSMA soil residues to 72
Cotton seedlings, effects of trifluralin on ... 224
Cranberry bogs, Virginia chainfern control in ... 179

D

2,4-D effects on wheat ... 107
2,4-D in range forage grasses, persistence of ... 268
2,4-D loss, in washoff from cultivated land ... 133
2,4-D response of bindweed to ... 275
Dalapon, foliarly applied, effects of relative humidity on ... 149
Dalapon, on quackgrass ... 201
Damping-off of peas, influence of DMPA on ... 281
DCPA on soil microorganisms, influence of ... 195
Depth in soil, effect on weed emergence ... 118
Detoxication of herbicides in soil, influence of pH on ... 370
Dicamba in range forage grasses, persistence of ... 268
Diquat and paraquat dissipation, effects on aquatic weeds and fish ... 42
Diuron, effect of environmental factors on ... 317
DMPA, influence on damping-off of peas ... 281
DMPA, influence on peanut yields ... 84
DMTT, effect on monterey pine ... 282
Downy brome ranges, paraquat and tillage for wheatgrass establishment on ... 50
DSMA soil residues to cotton and rotational crops, toxicity of 72

E

Environmental factors, herbicidal susceptibility ... 330
Environmental factors, influence on diuron ... 317
Environmental influences, on saltcedar ... 46
EPTC, for weed control during establishment of birdsfoot trefoil 264
EPTC, for weed control in seedling legumes ... 259
Equipment, for applying preemergence herbicides ... 366
Eurasian watermilfoil, in the Tennessee Valley ... 95

F

Fish, effects of paraquat and diquat dissipation on ... 42
Flax, search for atrazine resistance in ... 85
Forage legume establishment, weed competition in ... 1

G

Giant foxtail, anatomy of first internode of ... 347
Giant foxtail and corn, height differential in relation to post-emergence weed control ... 24
Guava, susceptibility to selected herbicides ... 217

H

Height differential of corn and giant foxtail, in relation to postemergence weed control ... 24
Herbicidal enhancement, by surfactants ... 87
Herbicidal interactions, potassium azide with calcium cyanamid 163
Herbicidal residues, in irrigation canal water ... 353
Herbicidal residues, in pond water and hydrosoil ... 210
Herbicidal residues in soil, effect on Merion Kentucky bluegrass 128
Herbicide combinations, calculating responses ... 20
Herbicide-crop rotation, for witchweed control ... 243
Herbicide-impregnated cloth ... 60
Herbicides for gas chromatographic determination, methylation of ... 168
Herbicides, for release of short-leaf pine and native grasses ... 104
Herbicides in soil, influence of pH on detoxication of ... 370
Herbicides in soil, method for determination of ... 115
Herbicides in soil, movement of ... 214
Herbicides, influence on Bermudagrass ... 363
Herbicides, N-containing, on thin-layer chromatograms, detection of ... 182
Herbicides on Southern peas, evaluation of ... 180
Herbicides, on sweet potatoes, effect of ... 112
Herbicides, preemergence, equipment for applying ... 366
Herbicides, susceptibility of guava to ... 217
Histological abnormalities, induced by picloram on Canada thistle roots ... 56
Huisache, distribution of picloram in ... 245
Hydrosoil, herbicidal residues in ... 210
Hydroxyatrazine, effects on nitrogen metabolism ... 306

SUBJECT INDEX, VOLUME 15

PAGE

I

Interactions, of paraquat-surfactant mixtures 67

J

Johnsongrass, control in corn 16

K

Kentucky bluegrass, control of red sorrel in 351
Kentuck bluegrass, Merion, response to herbicidal residues in soil 128

L

Leaching of herbicides in soils, determination of 115
Leaching of substituted urea herbicides, effect of surfactants on . 249
Loss of 2,4-D, in washoff from cultivated land 133

M

Maleic hydrazide, for vegetation control 38
Manitoba, pasture improvement with paraquat in 241
Metabolism, nitrogen, effect of atrazine on 157
Metabolism, of labeled amitrole in plants 343
Metabolism, protein 13
Methanearsonates, in soil 299
Methylation of herbicides, for gas chromatographic determination 168
Mode of action, of 1-(3-chloro-4-methylphenyl)-3-methyl-2-pyrrolidinone 147
Moisture in soil, effect on weed emergence 118
Moisture stress, effect on absorption and movement of picloram and 2,4,5-T in beans 10
Monterey pine, effect of DMTT on 282
Movement of 2,4,5-T and picloram, in beans 10

N

N-(3-carboxy-2,5-dichlorophenyl)-glucosylamine, biosynthesis of 101
N-containing herbicides on thin-layer chromatograms, detection of 182
Native grasses, herbicides for release of 104
Nebraska, western snowberry control in 130
Needs, for weed science 291
Nitrogen metabolism, effect of atrazine on 157
Nutsedge, arsenic translocation in 13
Nutsedge, yellow, rhizome differentiation in 124
Nutsedge, yellow, sprouting and carbohydrate in tubers of 22

O

Oats, absorption and translocation of atrazine in 175
Oats, wild, efficiency of barban on 160
Oxalis cernua Thunb., effect of temperature on 285

P

Paraquat and diquat dissipation, effects on aquatic weeds and fish 42
Paraquat and tillage, for wheatgrass establishment on downy brome ranges 50
Paraquat-surfactant mixtures, interactions of 67
Paraquat, for pasture improvement in Manitoba 241
Pastures, improvement of, with paraquat 241
Peanuts, DMPA influence on yields of 84
Peas, influence of DMPA on damping-off of 281
pH, effect on detoxication of herbicides in soil 370
Phosphorus and simazine interactions, in red pine 339
Phytotoxicity of herbicides in soil, determination of 115
Picloram, effect on field-grown tobacco 142
Picloram in huisache, distribution of 245
Picloram, histological abnormalities on Canada thistle roots induced by 56
Picloram, movement and absorption in beans 10
Plants, potted, laboratory sprayer for 89
Pond water, herbicidal residues in 210
Postemergence action, of CIPC 237
Postemergence weed control, in relation to height differential of corn and giant foxtail 24
Potassium azide, herbicidal interaction with calcium cyanamid 163
Preemergence herbicides, equipment for applying 366
Preemergence herbicides, soil incorporation and site of uptake of 228
Pricklypear, response to 2,4,5-T 207

PAGE

Protein metabolism 31
Pyrazon, for sugar beets 197
Pyrazon, under controlled environment 355

Q

Quackgrass, competitive effects upon corn 220
Quackgrass, dalapon on 201

R

Red pine, simazine and phosphorus interactions in 339
Red sorrel, control in Kentucky bluegrass 351
Relative humidity, effects on foliarly applied dalapon 149
Rhizome differentiation, in yellow nutsedge 124
Root residues of weed grass species, toxicity of 80
Rotation of herbicides and crops, for witchweed control 243
Rush skeletonweed 310

S

Salmonella typhimurium, inhibition by purines of amitrole-5-C^{14} accumulation in 255
Saltcedar, environmental influences on 46
Seed dormancy, in wild oats 252
Seeds, viable, in soil, enumeration of 381
Short-leaf pine, herbicides for release of 104
Side-oats grama, weed control in 171
Siduron, response of bentgrass to 82
Silver dollar fish, for aquatic weed control 27
Simazine and phosphorus interactions, in red pine 339
Simazine, effects on forage yield and nitrogen components of corn 272
Simazine, influence on chloroplast ribonucleic acid 31
Site of uptake, of preemergence herbicides 228
Soil, enumeration of viable seeds in 381
Soil, extraction and determination of atrazine from 35
Soil, influence of pH on detoxication of herbicides in 370
Soil, incorporation of preemergence herbicides in 228
Soil, methanearsonates in 299
Soil microorganisms, influence of DCPA on 195
Soil, movement of herbicides in 214
Soil residues of DSMA, toxicity to cotton and rotational crops . 72
Soil residues of preemergence herbicides, effect on Merion Kentucky bluegrass 128
Soil samples, new method for extraction of 368
Soil sterilants, for vegetation control 327
Soils, method for determination of herbicides in 115
Sorghum, effect of weed removal treatments on 204
Southern peas, evaluation of herbicides on 180
Sphagnum moss bogs, brush control in 380
Sprayer, laboratory, for potted plants 89
Sprayer, truck, for applying chemicals to brush 286
Substituted urea herbicides, effects of surfactants on leaching of 249
Sugar beets, effect of weed competition on 336
Sugar beets, pyrazon for 197
Surfactants, effect on leaching of substituted urea herbicides 249
Surfactants, herbicidal enhancement by 87
Surfactant-paraquat mixtures, interactions of 67
Sweet potatoes, effect of herbicides on 112

T

2,4,5-T in range forage grasses, persistence of 268
2,4,5-T, movement and absorption in beans 10
2,4,5-T, response of pricklypear to 207
Temperature, effect on *Oxalis cernua* Thunb. 285
Temperatures in soil, effect on weed emergence 118
Tillage and paraquat, for wheatgrass establishment on downy brome ranges 50
Tobacco, field-grown, effect of picloram on 142
Toxic levels of arsenic, in silt loam soil 121
Translocation of atrazine, in oats 175
Translocation of dalapon, effects of relative humidity on 149
Trifluralin, effects on cotton seedlings of 224
Tropics, problems in woody plant control in 233

V

Vegetation control, with maleic hydrazide 38
Virginia chainfern control, in cranberry bogs 179

W

	Page
Water lettuce	5
Watermilfoil, Eurasian, in the Tennessee Valley	95
Weed competition, effect on sugar beets	336
Weed competition, in forage legume establishment	1
Weed control and public welfare	296
Weed control in seedling legumes, EPTC for	259
Weed control, in side-oats grama	171
Weed emergence, at various moistures, temperatures, and depths	118
Weed grass species, toxicity of root residues of	80
Weed removal treatments, effect on sorghum of	204
Weed science, needs for	291
Weeds, aquatic, effects of paraquat and diquat dissipation on	42
Weeds, submersed aquatic, control by silver dollar fish	27
Western snowberry, control in Nebraska	130
Wheat, response to 2,4-D	107
Wheat, spring, efficiency of barban on	160
Wheatgrass establishment, with paraquat and tillage on downy brome ranges	50
Wild oats, seed dormancy of	252
Witchweed control, herbicide-crop rotation for	243
Woody plant control in tropics, problems in	233
